

Dr. Satyanarayana Garre Online Consultation Platform

Patient User Manual

Version 1.0

1. Introduction

Welcome to the Dr. Satyanarayana Garre Online Consultation Platform.

This platform enables patients to book online nephrology consultations, upload medical documents, receive prescriptions, maintain medical records, and attend consultations through secure video meetings.

The platform is designed to provide a seamless and secure healthcare experience from appointment booking to consultation and follow-up care.

2. Accessing the Platform

Website:

<https://www.drsatyanarayanagarre.in/>

Patients can browse information about:

- Dr. Satyanarayana Garre
- Kidney Treatments
- Medical Services
- Patient Testimonials
- Educational Videos
- Podcasts
- Blogs
- Contact Information

To schedule an online consultation, click the "Book Appointment" button available in the website navigation bar.

3. Patient Registration

New patients must create an account before booking an appointment.

Registration Steps

1. Click "Book Appointment".
 2. Select "Sign Up".
 3. Enter:
 4. Full Name
 5. Email Address
 6. Contact Number
 7. Click "Register".
 8. An OTP (One-Time Password) will be sent to the registered email address.
 9. Enter the OTP to verify your account.
 10. After successful verification, your account will be created automatically.
-

4. Patient Login

Existing patients can log in using their registered email address.

Login Steps

1. Click "Book Appointment".
 2. Select "Login".
 3. Enter your registered email address.
 4. An OTP will be sent to your email.
 5. Enter the OTP.
 6. Upon successful verification, you will be redirected to your Patient Dashboard.
-

5. Patient Dashboard

The dashboard serves as the central location for managing your consultations and medical information.

Available sections include:

1. Dashboard
2. Book Appointment

- 3. View Prescriptions
 - 4. Medical Records
 - 5. Conversation History
 - 6. Profile
-

6. Dashboard Overview

The Dashboard displays all appointments categorized as:

Upcoming Appointments

Appointments that have been successfully booked and are scheduled for a future date.

Completed Appointments

Consultations that have already taken place.

Cancelled Appointments

Appointments that were cancelled.

For each appointment, patients can view:

- Appointment Date
 - Appointment Time
 - Consultation Status
 - Google Meet Link
 - Booking Information
-

7. Booking an Appointment

Patients can schedule consultations directly through the platform.

Step 1: Select a Time Slot

Navigate to:

Book Appointment → Available Slots

The system displays available consultation slots created by the doctor.

Example:

- 05:00 PM – 05:30 PM
- 05:30 PM – 06:00 PM

Select the desired slot.

After selecting a slot, click Continue.

Step 2: Provide Appointment Details

Patients must provide consultation details before proceeding to payment.

Patient Name

The logged-in patient's name will be automatically populated.

If booking on behalf of another individual, patients may enter a different patient name.

Reason for Visit (Required)

Provide a clear explanation of the consultation purpose.

Examples:

- Kidney stone consultation
- Chronic kidney disease follow-up
- High creatinine levels
- Dialysis consultation

Current Symptoms (Optional)

Describe symptoms being experienced.

Examples:

- Swelling in legs
- Fatigue
- Reduced urine output
- High blood pressure

Additional Notes (Optional)

Include any relevant medical information such as:

- Existing medications

- Previous treatments
 - Medical history
 - Allergies
-

Step 3: Upload Medical Documents (Optional)

Patients may upload supporting documents before consultation.

Supported document categories:

- Prescription
- Lab Report
- Scan / X-Ray
- Discharge Summary
- Other

Supported file formats:

- PDF
- JPG
- PNG
- WEBP

Maximum file size:

10 MB per file

Uploading relevant reports before consultation helps the doctor prepare effectively.

Step 4: Payment

After completing appointment details:

1. Click "Proceed to Payment".
2. Razorpay payment gateway will open.
3. Select a preferred payment method.

Supported payment methods include:

- UPI
- Debit Card
- Credit Card
- Net Banking
- Wallets
- EMI Options

Complete the payment process.

Step 5: Appointment Confirmation

After successful payment:

- Appointment is confirmed.
- Time slot becomes reserved.
- Confirmation email is sent to the patient.
- Confirmation email is sent to the doctor.
- Google Meet link is generated.
- Calendar event is automatically created.

Patients will receive:

- Appointment Date
 - Appointment Time
 - Google Meet Link
 - Consultation Information
-

8. Joining a Consultation

Patients can join consultations using the Google Meet link provided.

Access options:

- Confirmation Email
- Dashboard Appointment Card

To join:

1. Open Dashboard.
 2. Locate the upcoming appointment.
 3. Click "Join Call".
 4. Google Meet will open automatically.
-

9. View Prescriptions

After consultation, prescriptions uploaded by the doctor become available within the Prescriptions section.

Patients can:

- View prescriptions
- Download PDF prescriptions
- Read prescription notes
- Access previous prescriptions

Prescription history is organized chronologically for easy reference.

10. Medical Records

The Medical Records section serves as a complete history of consultations and uploaded documents.

Patients can view:

- Appointment Date
- Appointment Time
- Consultation Status
- Reason for Visit
- Symptoms
- Additional Notes
- Uploaded Documents
- Doctor Prescriptions

Appointment statuses include:

- Upcoming
 - Completed
 - Cancelled
-

Upload Additional Documents

Patients can upload new documents after booking an appointment if requested by the doctor.

Examples:

- Newly received lab reports
- Additional scans
- Updated prescriptions

This ensures doctors have access to the latest medical information before consultation.

11. Conversation History

Status: Coming Soon

A real-time messaging system will be introduced in future updates.

Planned functionality includes:

- Direct communication with the doctor
 - Real-time chat
 - Follow-up discussions
 - Consultation support
-

12. Profile Management

Status: Coming Soon

Future profile features include:

- Update Name
 - Update Email
 - Update Contact Number
 - Manage Account Information
 - View Personal Details
-

13. Email Notifications

Patients will receive automated emails for:

Account Registration

Confirmation of successful account creation.

Appointment Confirmation

Details of booked consultation.

Consultation Meeting Link

Google Meet invitation.

Prescription Availability

Notification when prescriptions become available.

14. Frequently Asked Questions
